WHOLESALE PRICE LIST:

SEASON 1928-1929.

FIELD--GROWN ORNAMENTAL TREES AND SHRUBS (EVERGREEN)

TO THE TRADE:--

Prices quoted herein are NET WHOLESALE, and are subject to change without notice. PACKING CHARGES ARE EXTRA - AT COST.

The Pioneer Nursery of Monrovia has a clean bill of health. We can ship anywhere. The trade is cordially invited to call and inspect the stock we offer.

We solicit your orders now from this list. Stock ordered now will be reserved in the field and shipped as soon as it can be safely dug and balled; or it will be held for you and shipped on such date as you may specify.

Delivery on most stock after December 1, 1928, unless otherwise specified.

All field-grown stock balled, unless otherwise specified.

We have many varieties not listed herein, but in smaller quantities. Write us specially if you do not find what you want. Send us your general "Want List" and we will quote you on what we can offer.

Of some varieties we also have a few (from 5 to 10) in larger sizes, which lack of space prevented being included herein. Write us if you want large sizes in anything.

NOTE: Items marked (\*) are not guaranteed, because of the difficulty in transplanting them. They are sold only at buyer's risk.
